Matted, dirty, snarled, covered with burrs. And that's just your living room carpet.

Time to get your dog cleaned up, but the weather isn't helping. If your pets need a good grooming and you're having trouble getting to the pet shop, there's a neat new option: Portable Pet Groomers. Yep it's fuzz-busters on wheels, a fully-equipped van with water tanks, heater, dryers and clippers to get your dog ready for a big holiday makeover and "reveal" at your home. Here we show Bonz vogue-ing pretty with groomer Sareena Schwabe.

Portable Pet Groomers services the Greater Milwaukee area. [Check out their site.](#)
